

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1-17. (cancelled)

18. (currently amended) A preservative with reduced formaldehyde emissions which comprises:

a) ~~at least one formal~~ N,N'-methylenebis(5-methyloxazolidine); and

b) ~~at least one emission reducing additive, wherein, said at least one emission reducing additive comprises~~ urea,

~~wherein said formal and said emission reducing additive are present in a~~ the weight ratio of N,N'-methylenebis(5-methyloxazolidine) to urea ~~that ranges~~ is in a range from about 100:1 to about 10:1 of the preservative, and

wherein the preservative

(i) comprises no iodopropynyl compound, and

(ii) comprises no derivative of 1H-benzimidazol-2-carbamic acid.

19-20. (cancelled)

21. (currently amended) The preservative according to

Claim 18, ~~wherein said formal is a N-and/or~~ further comprising an O-formal.

22. (withdrawn) The preservative according to Claim 21, wherein said formal is selected from the group consisting of:

- a) ethylenedioxy dimethanol;
- b) benzyl alcohol hemiformal;
- c) propylene glycol hemiformal; and
- d) butyl diglycol hemiformal.

23. (currently amended) The preservative according to Claim 18, ~~wherein said~~ further comprising a formal ~~[[is]]~~ selected from the group consisting of:

- a) N, N', N''- tris(hydroxyethyl)hexahydrotriazine; and
- b) N,N',N''-tris( $\beta$ -hydroxypropyl)hexahydrotriazine; ~~and~~
- ~~—— c) N,N' methylenebis(5-methyloxazolidine).~~

24. (withdrawn) The preservative according to Claim 18, wherein said at least one emission-reducing additive further comprises at least one component selected from the group consisting of:

- a) glycoluril;
- b) dimethylhydantoin;
- c) imidazolidinylurea;
- d) diazolidinylurea;

- e) amino acids;
- f) guanidine; and
- g) guanidine derivatives.

25. (withdrawn) The preservative according to Claim 18, wherein said at least one emission-reducing additive further comprises at least one component selected from the group consisting of:

- a) glycoluril;
- b) tetramethylolglycoluril;
- c) dimethylhydantoin;
- d) dimethyloldimethylhydantoin;
- e) dimethylolurea;
- f) tetramethanolurea;
- g) imidazolidinylurea; and
- h) diazolidinylurea.

26-29. (cancelled)

30. (previously presented) The preservative according to Claim 18, wherein said preservative further comprises:

- e) at least one additional additive.

31. (previously presented) The preservative according to Claim 30, wherein said additional additive comprises at least

one component selected from the group consisting of:

- a) solvents;
- b) solubility promoters;
- c) corrosion inhibitors;
- d) alkalizing agents;
- e) dyes, perfumes;
- f) viscosity modifying agents;
- g) foam inhibitors;
- h) emulsifiers; and
- i) antioxidants.

32-34. (cancelled)

35. (currently amended) The preservative according to Claim 18, wherein said weight ratio of ~~said formal and said emission-reducing additive~~ N,N'-methylenebis(5-methyloxazolidine) and urea ranges from about 50:1 to about 20:1 of the preservative.

36. (previously presented) The preservative according to Claim 18, wherein said preservative further comprises water.

37. (previously presented) The preservative according to Claim 36, wherein the weight of said water is up to about 10% of the preservative.

38. (previously presented) The preservative according to Claim 37, wherein said weight of said water is up to about 5% of the preservative.

39. (previously presented) The preservative according to Claim 38, wherein said weight of said water is up to about 1% of the preservative.

40. (previously presented) The preservative according to Claim 18, wherein said preservative is anhydrous.

41. (previously presented) The preservative according to Claim 18, wherein said preservative comprises:

- a) about 90% to about 99% weight of N,N'-methylenebis (5-methyloxazolidine); and
- b) about 1% to about 10% weight of urea.

42. (previously presented) The preservative according to Claim 41, wherein said preservative comprises:

- a) about 92% to about 98% weight of N,N'-methylenebis (5-methyloxazolidine); and
- b) about 2% to about 8% weight of urea.

43. (previously presented) The preservative according

to Claim 42, wherein said preservative comprises:

- a) about 93% to about 97% weight of N,N'-methylenebis (5-methyloxazolidine); and
- b) about 3% to about 7% weight of urea.

44. (previously presented) The preservative according to Claim 43, wherein said preservative comprises:

- a) about 95% weight of N,N'-methylenebis (5-methyloxazolidine); and
- b) about 5% weight of urea.

45. (previously presented) The preservative according to Claim 18, wherein said preservative comprises:

- a) about 80% to about 98% weight of N,N'-methylenebis (5-methyloxazolidine);
- b) about 1% to about 10% weight of urea; and
- c) about 1% to about 10% weight of phenoxyethanol.

46. (previously presented) The preservative according to Claim 45, wherein said preservative comprises:

- a) about 84% to about 96% weight of N,N'-methylenebis (5-methyloxazolidine);
- b) about 2% to about 8% by weight of urea; and
- c) about 2% to about 8% by weight of phenoxyethanol.

47. (previously presented) The preservative according to Claim 46, wherein said preservative comprises:

- a) about 86% to about 94% weight of N,N'-methylenebis(5-methyloxazolidine);
- b) about 2% to about 7% weight of urea; and
- c) about 3% to about 7% weight of phenoxyethanol.

48. (previously presented) The preservative according to Claim 47, wherein said preservative comprises:

- a) about 95% weight, of N,N'-methylenebis(5-methyloxazolidine);
- b) about 5% weight of urea; and
- c) about 5% weight of phenoxyethanol.

49-56. (cancelled)

57. (previously presented) The preservative according to Claim 18, wherein said preservative is utilized for a technical product.

58. (previously presented) The preservative according to Claim 57, wherein said product is selected from the group consisting of:

- a) cutting fluid;
- b) propellant;

- c) surface coating;
- d) a dispersion; and
- e) a water-based paint.

59. (cancelled)
